

Mobile and Online Banking Enhanced Features

*Enhanced features added to text banking.
Please see new options you have for receiving sms alerts below:*

New SMS alert types –
Customers can better stay on top of their finances with all the alert types previously only available to email.

- * Balance Update
- * Low Balance
- * High balance
- * Large deposit
- * Large withdrawal
- * Check cleared
- * Maturity date
- * Loan Payment due
- * Loan Payment overdue
- * Personal Reminder

Customize your alert frequencies
– Users are no longer limited to “weekly on Fridays”. Just as with the “balance update” alert for email, these balance alerts can be sent on any day of the week and for other frequencies.

- * Once a week
- * Once Every 2 Weeks
- * Once a Month
- * Twice a Month
- * Every 3 Months
- * Every 6 Months
- * Once a Year

Get alerts for all of your accounts –
Users are no longer limited to a primary account from which to receive alerts.

Customize who gets which alert –
Users who set up multiple text message phone numbers do not need to be tied to the same alert. They can now configure alerts to go to one or more user according to their preference.
